

Holomua 'Ohana

*Presented by Kamehameha Schools
for Kamehameha campus haumana.*

I Kahiki ka ua, ako 'ē ka hale.

While the rain is still far away, thatch the house.

Be prepared.

Since 2003, the Kamehameha Scholars program has worked with Native Hawaiian youth in our communities to help them prepare for and be admitted to college via our college and career guidance curriculum and counseling services.

We are excited to continue our work with haumāna attending our three Kamehameha campuses. Our goal is to create early relationships with campus juniors and seniors prior to their graduation from high school, then to continue to support those students through their first year of college. We will begin by providing supplementary 'ohana workshops to students in grades 11 and 12. Our workshops will integrate culture with the college planning process and will focus on what haumāna and their 'ohana need to know in order for our haumāna to successfully transition to college.

Participation in our workshops by both haumāna and their 'ohana is highly desired, as our workshops incorporate activities that are meant for haumana and 'ohana to do together.

**PLEASE REMEMBER TO BRING YOUR KS-
ISSUED LAPTOP, YOUR NAVIANCE LOGIN
INFORMATION, AND YOUR COLLEGE
FINANCIAL AID AWARD LETTER(S) TO THE
WORKSHOP!**

Mea'ai will be provided, so it is important that you contact us to RSVP and provide the total number of 'ohana that will be attending with the student. **Should you have any questions or concerns, please contact Chendra Kauahikaua at 534-8359 or chkauahi@ksbe.edu.**

KAMEHAMEHA SCHOOLS®

KAMEHAMEHA SCHOLARS

The stages of Kamehameha's life have been integrated into our workshops:

Grade 11 Spring Workshop:

Kamehameha began his training with Kekūhaupi'o, the famous warrior chief of Ke'ei. After learning the traditional skills of the warrior, Kamehameha battled with the vicious niuhi shark. These events foreshadowed Kamehameha's destiny as Kana'iaupuni, the Conqueror of the Islands.

At this workshop, haumāna and 'ohana will discover potential college matches by assessing specific variables and looking at the total costs associated with their college choices. You'll learn how to use the estimated college Net Price Calculator (NPC) to compare colleges, and you'll establish a post-high plan to assist in achieving your academic and career goals.

Workshop outcomes include:

- Students and their 'ohana will understand the importance of planning to achieve their academic and career goals.
- Students and their 'ohana will understand the variables and total costs associated with current college choices.
- Students and their 'ohana will understand the differences between a reach, target, and safety school.
- Students and their 'ohana will understand how to use the Net Price Calculator and how to use it to make decisions regarding college choice.

IMPORTANT: You are required to bring your KS-issued laptop and Naviance login information to this workshop.

Grade 12 Spring Workshop:

Kamehameha was the greatest of Hawai'i chiefs. He preserved the ways of his culture, and added the best of the new. His people said, "He is a farmer, a fisherman, a maker of cloth, a provider for the needy, and a father to the fatherless." In describing Kamehameha, historian Ralph Kuykendall wrote, "He was a man of powerful physique, agile, supple, fearless and skilled in all the warlike and peaceful exercises suitable for an ali'i. He had likewise a strong mind ... well-filled with the accumulated learning of his race and capable of thinking clearly and effectively. He was an excellent judge of men and had ... the faculty of inspiring loyalty in his followers."

At this workshop, haumāna and 'ohana will review the concepts needed to understand their financial aid award letters received from colleges, including the components of a financial aid award letter as they relate to the total cost of attendance. Participants will be introduced to various tools that will allow them to review their ability to sustain the cost of their college choice and make an informed decision regarding where they decide to enroll. We will also discuss the FERPA law and explore families' communication plans.

Workshop outcomes include:

- Students and their 'ohana will receive information about determining their individual education path.
- Students and their 'ohana will evaluate financial aid award letters to make an informed decision regarding college selection.
- Students and their 'ohana will explore financial aid calculators and other tools to help students make an informed decision regarding college selection.
- Students and their 'ohana will receive information about the Family Educational Rights and Privacy Act (FERPA) and communication styles for the family.

IMPORTANT: You are required to bring your KS-issued laptop and Naviance login information to this workshop. If you have already received financial aid award letters from colleges, it would be helpful for you to bring those to the workshop as well.
