# Dual Credit Program

# What is Dual Credit ?

Dual Credit: The opportunity to earn high school and college credit at the same time; students completing a single course to earn academic credits that are recognized by two or more institutions

# **Why** consider Dual Credit ?

## **Potential for shortened time to Bachelor's degree**

- Easier transition to college
- Option to take a lighter credit load 1<sup>st</sup> semester at college
- Increased ability to double major/minor
- Cost savings potential

## **Graduating from college early allows for**

- Entering the job market ahead of college classmates
- Completing a graduate degree before peers have a bachelors
- Internship, travel, volunteer, mission work...

# Impact of Dual Credit

- KSK grade = College grade
- Grade appears on BOTH transcripts
- KSK DC grade is a weighted 5.0 scale
  - A = 5.0 vs. 4.0
- Higher GPA impacts College Admission & potential merit scholarships
- DC students tend to do better academically

# Dual Credit Cautions

- Give your best effort and take ALL academic courses seriously
- College transcripts begins with FIRST dual credit course taken
- Academic dishonesty consequences may be leveled at BOTH institutions
- Course is free, BUT families must repay KS IF course is not completed, or an F is earned (regardless of KS Financial Aid status)
- Satisfactory Academic Progress (SAP)/2.0 GPA AND Financial Aid eligibility can be impacted by "F"ailing even ONE dual credit course
