Reminders

Continue to monitor symptoms and health condition

If your child is feeling ill and exhibiting any of the symptoms associated with COVID-19, it is critical that you keep your child home and contact your health room nurse for next step instructions on how to return to school regardless of vaccination status.

Don't forget, if your keiki is fully vaccinated, please upload their vaccination card to Mo'omō'ali Olakino to be registered with KS.

By caring for our own health and considering the health of others, we can each do our part to maintain our commitment to in-person learning. Please visit the KSK health updates website for more information about our mitigation strategies and practices.

Dress code updates in the handbook

We have made updates to the dress code section of the handbook that were meant to help clarify questions some families had about acceptable attire. Please log in to KS Connect to review the updates.

Makakani Gate

This is a friendly reminder to those that utilize the Makanani Gate for after school pick up that the gate opens at 2:30 p.m. on regular school days and at 12:30 on early release days.

We have been asked to remind parents NOT to line up prior to the gate opening to ensure the roadways are clear and driveways along Makanani and Kapālama Ave are available to residents. If roadways and driveways continue to be blocked, residents may be forced to contact HPD to clear the area.
