TRANSPORTATION'S ROLE

❖ Our Kuleana

- Safe transportation of students
- Servicing transportation requests and meeting our time commitments
- Operating efficiently and within our budget

We are here to service the keiki of KSK and will make every effort to meet your transportation needs. We ask that you help us to serve you better by:

- ***Familiarizing yourself with our procedures***
- ***Following all rules & safety guidelines at bus stops***
- ***Actively participating in monitoring bus stops***
- ***Immediately reporting any issues or concerns to the Transportation Department at 842-8329.***

TRANSPORTATION'S ROLE

- ❖ **Awarding bus service**
 - **Open enrollment for bus service is May 1st – May 20th, 2022.**
 - **You may still apply for commuter bus service after the May 20th close date; however, your child may be waitlisted based on seating availability.**

KAMEHAMEHA SCHOOLS®

Transportation Bus Service Guidelines Kamehameha Schools, Kapālama Campus

The following notes are intended to clarify the mission, priorities, and operational procedures that serve as guidelines for the Transportation Department:

NOTES:

Commuter bus assignments are based upon student demographics as indicated by the applications received for commuter bus service.

Kamehameha Schools Kapālama Campus' bus fleet consists of 28 Type I school buses and 5 Type II school buses to transport KS students.

The number of buses in the Transportation Department motor pool is fixed and is sufficient to meet the demands for bus service.

The maximum number of commuter routes is 28, with 25 commuter routes by KS and 3 additional routes that are chartered by a 3rd party vendor. Based on historical data, this is sufficient to meet the demand for commuter bus service from outlying service areas. This approach leaves 3 KS buses for service/operational issues. Should issues arise taxing the back-up plans, Transportation will either: 1) charter additional runs when available from 3rd party vendors, or 2) combine routes to accommodate all students.

Bus Capacity

Bus seating capacity is set by the bus manufacturer and all KS buses are either 90 or 84 passenger (3 students to a seat) school buses. For the comfort of students, Transportation will generally assign 2 (two) students to a seat, whenever possible.

Transportation may assign three students to a seat as needed in order to maximize load counts, provide service for waitlisted students, and for consolidating routes. Transportation will not overload buses, transport students without a seat to sit in, allow students to sit on the floor, or put three students in a seat that do not fit within the confines of the seat.

Minimum Route Capacity

The minimum number of students needed to justify a commuter bus is 40 (forty) or 70% of a 56 (fifty-six) student bus count. Transportation may need to combine routes in order to meet the minimum count for bus service.

Commuter Bus Stops

Ideally, commuter bus stop locations are situated to the geographical location that will best suit the area being serviced.

Commuter bus stop locations are not permanent and may be moved or adjusted.

Parents/students should conduct themselves in a cordial, respectful manner, and follow all rules/laws when at commuter bus stops, as they often utilize public and private access points.

We must always be mindful of the impact our presence has on the community and the general safety of everyone at the bus stops. Reported parent/student behavior and safety issues/concerns at commuter bus stops will be addressed on a case-by-case basis and could lead to removal of student bus riding privileges.

Transportation Responsibilities

When students board the bus and throughout departure from the pickup location, the Transportation Department assumes full responsibility for students and their safety. Transportation does not assume responsibility for students before boarding the bus or after students have been dropped off at designated locations.

Primary and Courtesy Bus Stops

Most outlying service areas have one primary pickup and drop off point. A few service areas may have an additional courtesy stop(s). Courtesy stops may be eliminated or realigned by Transportation as needed. The primary considerations in analyzing courtesy stops are: 1) if there is a legitimate need, 2) does it serve a significant number of students in the service area, 3) what is the longevity of the stop, 4) what is the impact to Transportation's time commitments/ability to provide bus service and 5) is the stop safe for boarding/disembarking. The selection and determination of courtesy stops rests within the sole discretion of the Transportation Department.

Expectations of Bus Users

The expectations of all students, parents, and staff utilizing KS bus service are to observe all rules, be safety minded, meet the time commitments for bus service, respect KS property/resources, and to conduct themselves in a manner consistent with the values of Kamehameha Schools.

STUDENT CODE OF CONDUCT

“Parents or guardians of student passengers are responsible for instructing their children on applicable safety and behavior expectations for their children, including acquainting themselves with, and discussing with their children, the bus procedures and policy guidelines printed in the Student and Parent Handbooks.”

STUDENT CODE OF CONDUCT

“At least once during each year, designated KS Transportation administrators shall provide training to all passengers on the Code. Instructions shall include procedures for abiding by safety and school rules. Students who do not abide by the Code may forfeit their bus riding privileges.”

STUDENT CODE OF CONDUCT

- **Prior to loading the bus:**
 - **Use the restroom**
 - **Be on time**
 - **Refrain from horseplay**
 - **Allow bus to come to a complete stop before approaching the bus**
 - **Board youngest to oldest when possible**

STUDENT CODE OF CONDUCT

➤ **While on the bus:**

- **Head/arms must remain in bus at all times**
- **No yelling or obscene gestures**
- **Refrain from tampering with the bus and its equipment**
- **No eating/drinking, except water from lidded water bottles**
- **Listen to the bus driver**
- **Do not throw objects out of the window**
- **Remain properly seated while bus is in motion**

➤ **After departing the bus:**

- **Be careful, look both ways when crossing the street**

SCHOOL YEAR 2022/2023

❖ Student safety at bus stops

- Student safety is our number one priority
- Arrive 10-15 minutes early (AM/PM)
- Follow parking & drop off/pickup rules
- Be aware of our impact on the area

❖ Expectations of student behavior on buses

- All students are required to follow the Student Code of Conduct
- Bus Driver is the authority on the bus
- ***Parents should not address concerns directly with bus drivers or step foot on buses. Instead, immediately report any concerns to the Transportation Department at 842-8329.***

SCHOOL YEAR 2022/2023

❖ **Student Notice of Concern (SNC)**

- **The purpose of the SNC is to inform you of a student's conduct or a significant event on the school bus.**
- **A copy of SNC goes to office administrators, then the other to the parents.**
- **The Transportation Department does not determine or administer punishment for infractions of the Student Code of Conduct, or any other violations for inappropriate behavior by students or parents.**
- **SNCs are not to be addressed with Bus Drivers.**
- **Any issues or concerns should be addressed directly with the Transportation Department or the student's unit office.**

SCHOOL YEAR 2022/2023

❖ **KES Assigned Seating**

- **KES students will have assigned bus seating.**
- **Any issues with seating assignments should be brought up with the KES unit office directly.**
- **KES may make seating adjustments throughout the school year as needed.**
- **School bus drivers have the authority to rearrange students as necessary.**

SCHOOL YEAR 2022/2023

❖ Parent Monitors

- Parent Monitors are a vital component in monitoring and reporting issues at the bus stops.
- We encourage any parents that will consistently be at our AM or PM bus stops to please volunteer as a Parent Monitor.
- If interested, please complete the Parent Volunteer Form through the Parents & Alumni Relations (PAR) website: www.parents.ksbe.edu
- All volunteers will need to be cleared by PAR prior to taking on the bus monitor duties.

SCHOOL YEAR 2022/2023

❖ ZONAR Student Scanning System

**STUDENT RIDERSHIP,
ACCURATE AND SECURE**

- › Unique RFID card-based system ensures accuracy
- › Performs without impeding normal loading process
- › Only web-based solution is easy and affordable

ZPASS™

The advertisement features a black ZONAR ZPass scanner with a green hand icon and signal waves. Next to it is a white ZPass student identification card with a photo of a student and the text 'ZPass STUDENT IDENTIFICATION'. The background of the scanner area has white concentric circles.

SCHOOL YEAR 2022/2023

❖ ZONAR Student Scanning System

- **Commuter bus passes (ZONAR cards) are only valid during the school year indicated on the bus pass.**
- **School Year 2022/2023 ZONAR cards are the color **GOLDENROD.****
- **School Year 2021/2022 **RED** ZONAR cards will be invalid.**
- **Please do not bend or crack ZONAR cards.**
- **Replacement of lost or damaged ZONAR cards:**
 - **Will be handled by the Transportation Department**
 - **Will cost a \$10 non-refundable fee**
- **ZONAR cards must be displayed to driver upon bus entry and must be scanned both when entering and exiting the bus.**

SCHOOL YEAR 2022/2023

❖ **Changes for SY 2021/2022**

- **Pearl City AM/PM Bus Stop will move from Waiau District Park lower parking lot to the upper parking lot.**
- **Ewa Beach AM/PM Bus Stop will move from Ewa Beach Community Park to Ewa Beach Boys and Girls Club.**
- **Nanakuli Kalaniho'okaha Learning Center access the Learning Center via Farrington Highway.**

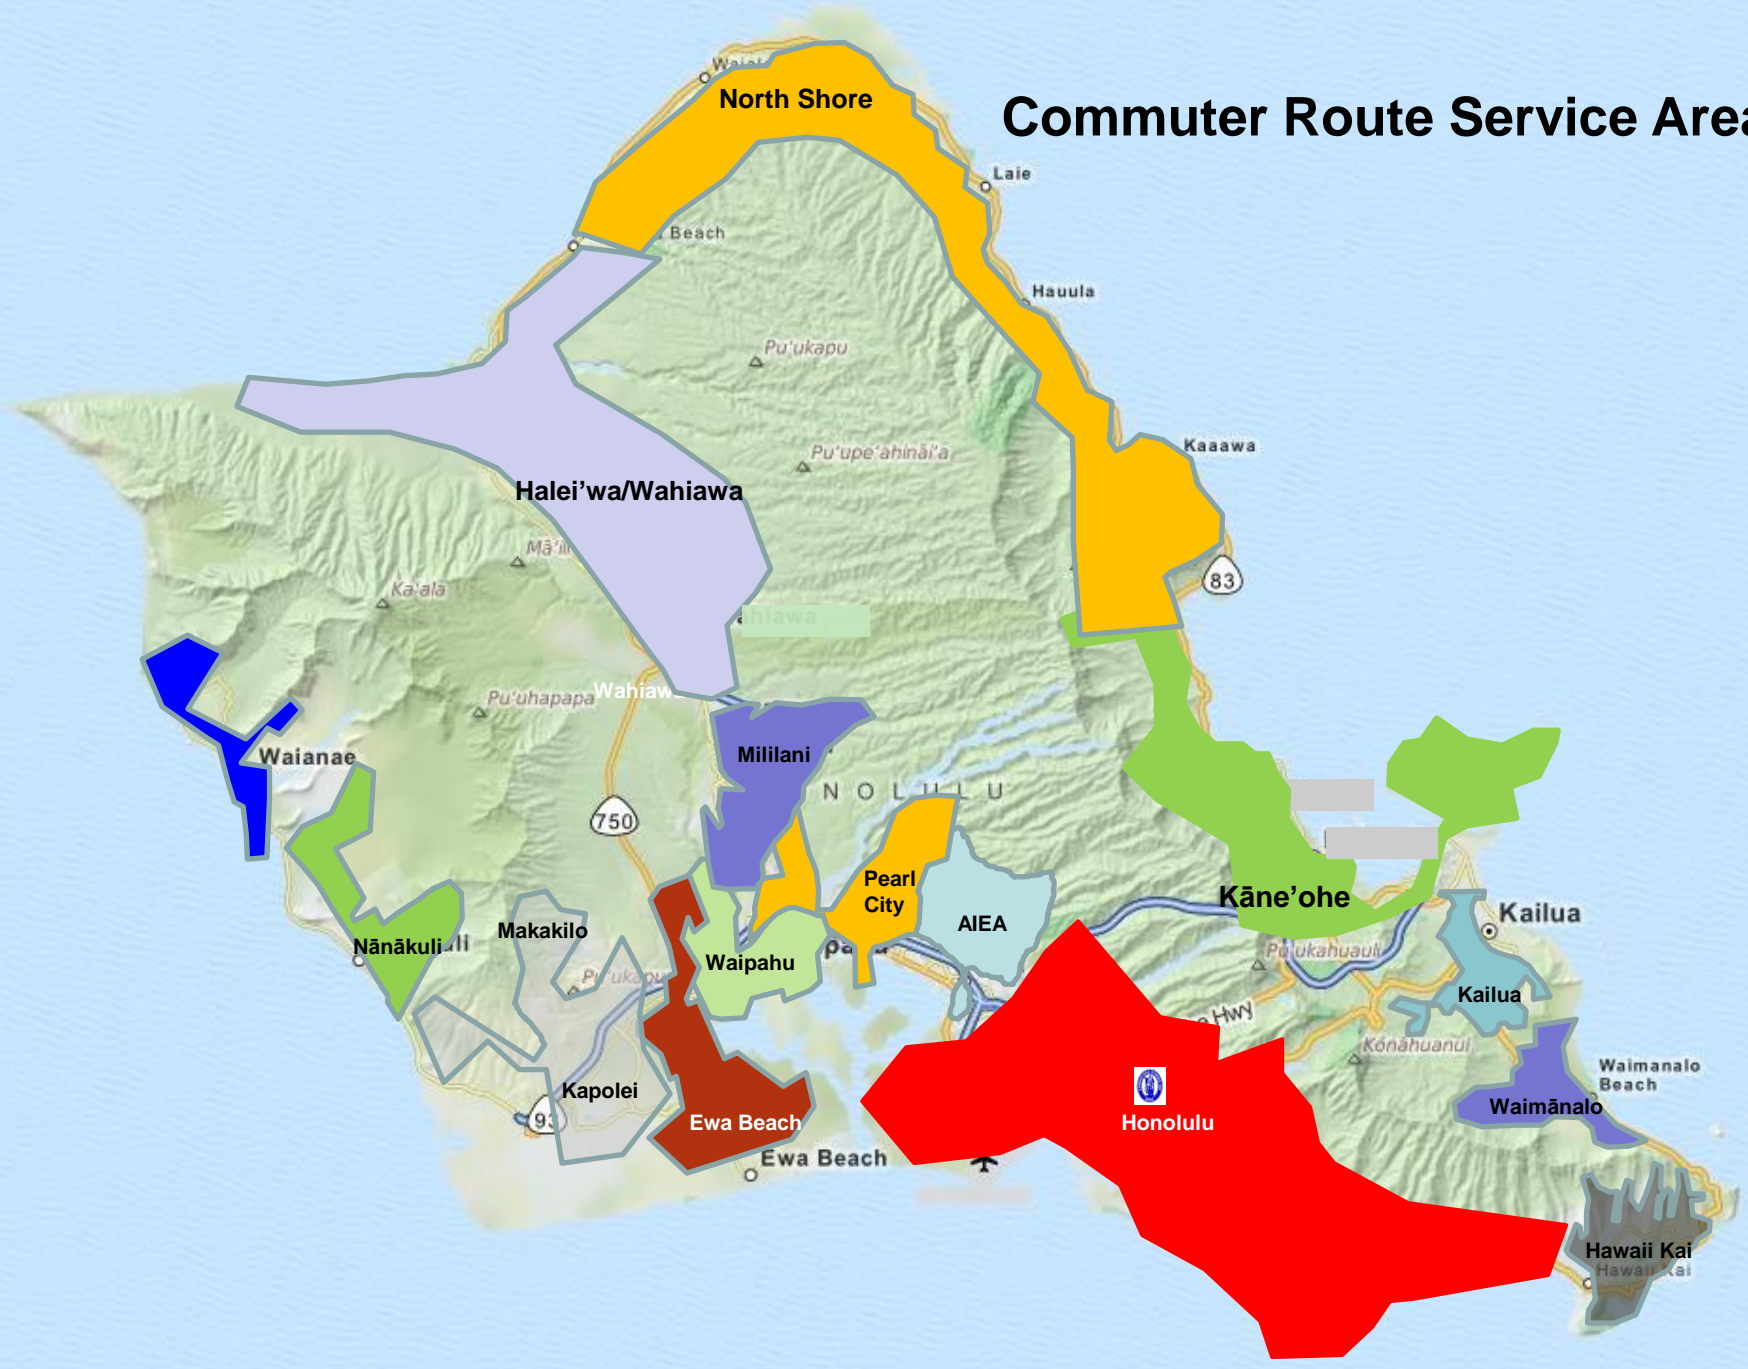

SY2022-2023 Sample Student ID

RED IDs from SY21/22 are no longer valid.

CONCLUSION

❖ Trust

You have entrusted us with the daily transportation of your keiki. We understand the importance of your trust and the responsibility that goes along with it. With that same respect, we humbly ask for your trust that we will safely transport your keiki and have confidence knowing that the decisions we make are pono and in the best interests of our haumana and KS.

❖ Cooperation

As always, cooperation is vital to our success. We must not only work together to ensure the safety and well being of our haumana, but we must also ensure that our daily activities do not cause any disruption or inconvenience to other students, parents or the communities in our service areas.

CONCLUSION

Aloha

Working with Aloha is a strongly held value at Kamehameha Schools. We strive to work with aloha in everything we do. However, our commitment to working with aloha should not be misinterpreted as a willingness to provide preferential treatment to individuals by accommodating personal requests.

Please remember that we must be consistent in everything we do, which means that in most circumstances, if we can't accommodate the same request for everyone, we won't be able to grant the request for certain individuals. Mahalo for your understanding.

CONCLUSION

Mahalo

We look forward to this new school year and anticipate continued open lines of communication with parents to continually improve our operation.

The relationship that we develop will be a key component to the future success of our operation and we will continue to build on the feedback we receive.

Please remember that we value your feedback, and you are always welcome to voice your opinion to us.

Mahalo nui for your kōkua!
